## WHO WE ARE.

ArtsWest is a professional theatre and art gallery in West Seattle. We produce theatrical productions that provoke conversation, incite the imagination, and use live theatre as a powerful agent of change. An institution in the Alaska Junction for over 20 years, ArtsWest is a hub of art, community, celebration, and a home for artists to grow and thrive.

As a non-profit arts organization, our annual gala and auction is an important fundraising opportunity that supports our efforts to produce high quality theatrical productions and to provide working artists fair wages and a place to create and flourish.

## WHY SPONSOR.

Sponsoring the gala is a unique opportunity for your business to reach our donors in an intimate setting. As an event sponsor, our patrons recognize that your business invests in community and that you are a champion of local art and artists.

ArtsWest's Gala isn't just a fundraiser - it's an experience. It features a theatrically immersive cocktail hour, dinner, performance, and a live auction. Your business is invited to join in the fun.
